It looks at this as a personal reward and a way to rebalance the cycle of manifestation. Unfortunately, to others this trait can make the 8 appear shallow or like a show-off. It may also attract opportunists who misunderstand the 8's intentions. Authoritative: It's no surprise all this accomplishment goes straight to the number 8's head. It's used to being a leader and this gives it a feeling of personal power. But the 8 always assumes its way is the right way and, by dismissing others' opinions and ignoring their efforts, it may lose their support even faster than it gained it. Entitled: The 8 in Numerology isn't about to ask for permission or forgiveness. Its need to succeed can make it blind to rules and processes, but ignoring these limits and taking things into its own hands makes leaving an impossible and drives a wedge in partnerships. The number 8 is so used to getting its way that it now expects it.
