Ranked number one in India by the National Assessment and Accreditation Council (NAAC) with a Grade Point of 3.91 (on a scale of 4), JNU was ranked no 3 among all universities in India by the National Institutional Ranking Framework, Government of India, in 2016 and no 2 in 2017. JNU also received the Best University Award from the President of India in 2017. Still a young university, established by an act of Parliament in 1966, the strength, energy, and reputation of Jawaharlal Nehru University result from the vision that ideas are a field for adventure, experimentation and unceasing quest, and that diversity of opinions are the basis for intellectual exploration. JNU is the place for the intellectually restless, the insatiably curious, and the mentally rigorous, giving them the space to grow amidst the calmness of an oasis, a green lung within the hustle and bustle and the crowds of the capital city of India. Coming into being in 1969, three years after its establishment by Parliament, JNU brought frontier disciplines and newer perspectives for old disciplines to the Indian university system. The excellent teacher-student ratio at 1:10, the mode of instruction which encourages students to explore their own creativity instead of reproducing received knowledge, and of exclusively internal evaluation, were also new to the Indian academic landscape and have stood the test of time. The very Nehruvian objectives embedded in the founding of the University - 'national integration, social justice, secularism, the democratic way of life, international understanding and a scientific approach to the problems of society', had built into them constant and energetic endeavour to renew knowledge through self-questioning. The educational philosophy of the university gets translated into its somewhat unorthodox academic structure. Grounded in a faith in the unity of knowledge, JNU has sought to avoid the narrowly conceived Department structure of conventional universities, preferring instead to bring allied disciplines within a few broad and inclusive entities called Schools, under whose interactive ambit are placed the more specialized units, called Centres. There are also Special Centres that are outside even the broad structures of School but may grow further. Then there are Research Clusters that cut across Schools and Centres as well as some programmes, which are placed within specific schools but are built on the interests of faculty across the university. At present there are ten Schools and four Special Centres in the University. JNU was the first to offer courses in foreign languages in an integrated five-year MA programme. At the Master's level, where most of the Schools begin their academic programme, training is largely oriented towards single disciplines (although all M.A. students are encouraged to do a few courses outside their subject) but at the research level the disciplinary boundaries become more permeable. Work in overlapping or borderline areas - e.g., between environment and literary studies, economics and science, sociology and aesthetics, or linguistics and biology - is not uncommon among the Ph. D. students of JNU. Not only are the research scholars encouraged to cross the invisible walls around disciplines, the relationship between the academia and the world outside also remains negotiable, often resulting in mutually beneficial collaboration in areas that form crossroads for developing an understanding of society, culture and science. As in the academic structure, so in its teaching process and evaluation pattern, JNU was one of the first in India to depart from the well-trodden path by emphasizing the continuity of the learning process rather than isolating the final exam as the only tool of measuring achievement. Grading is done throughout the semester, ensuring students' participation and involvement in curricular work, and re-animating the collaborative process of generating knowledge in the class room. Even at the M.A. level, students are encouraged to carry out independent research projects in limited areas which result in short-term paper. Apart from its regular faculty, JNU has over the years established specially designated 'Chairs' - Rajiv Gandhi Chair, Appadorai Chair, Nelson Mandela Chair, Dr. Ambedkar Chair, RBI Chair, SBI Chair, Sukhomay Chakravarty Chair, Environmental Law Chair, Greek Chair, Tamil Chair, and Kannada Chair. Many members of faculty and research scholars have won prestigious national and international awards for their academic work. A number of academic associations are headed by our faculty. Our expertise is highly sought after by the Government and many members of our faculty have served the Government of India in various capacities including as Ambassadors/High Commissioners, and members of the important bodies like the Planning Commission. Many of our faculty members have also served and serve as Vice Chancellors of other universities. The University brings out four research journals which have high academic visibility in India and abroad. These are Studies in History, International Studies, JSL (the Journal of the School of Language, Literature & Culture Studies) and Hispanic Horizons. Several members of the JNU faculty also edit national and international journals besides the above four. Jawaharlal Nehru University has collaborated with universities across the world in research projects, conferences, and publications. It has many active MoUs with international and national universities and exchanges faculty and students with them regularly. We also host the Indian segment of some international degree programmes. Several academic Centres of the university have been declared by the University Grants Commission (UGC) to be 'Centres of Excellence'. These are the Centre for Historical Studies, the Centre for the Study of Social Systems, the Centre for Political Studies, the Centre for Economic Studies and Planning, the Centre for the Study of Regional Development, and Zakir Husain Centre for Educational Studies, all in the School of Social Sciences. In addition, three Science Schools - School of Physical Sciences, School of Life Sciences and School of Environmental Sciences - have also received UGC's recognition as Centres for Excellence. The Centre for English Studies, School of Language, Literature & Culture Studies, has also been identified for Departmental Research Support under the Special Assistance Programme of the UGC. JNU itself has been given the status of the 'University of Excellence' by the UGC. 20th Annual Convocation of JAU Dr. V.P. Chovatia, Hon'ble Vice Chancellor, JAU and university officers conveyed best wishes to 10 students of JAU for their journey and 2 months training at WSU, Sydney in Australia. In Gujarat State Institutional Rating Framework 2021-22 Junagadh Agricultural University got 5th position College of Agriculture, Junagadh College of Agricultural Engineering & Technology, Junagadh P. G. Institute of Agri Business Management Sardar Smruti Kendra, Junagadh Food Testing Laboratory, Junagadh College of Agriculture, Khapat College of Agriculture, Amreli College of Horticulture, Junagadh University's jurisdiction is spread over the districts of Junagadh, Jamnagar, Rajkot, Porbandar, Surendranagar, Bhavnagar, Amreli, Devbhoomi Dwarka, Gir Somnath and Morbi of the Gujarat state. University offers higher education (UG & PG) in the faculties of Agriculture, Agricultural Engineering & Technology, Horticulture and MBA in Agri Business Management. University also offers Polytechnic/Diploma/Certificate Courses in the field of Agriculture, Horticulture, Agricultural Engineering, Home Science, Bakery and Mali. University also imparts training to extension functionaries of the line departments. The research on various issues related to different crops and disciplines including Wheat, Millet, Pulses, Oilseeds, Cotton, Sugarcane, Fruit Crops, Vegetables, Dry Farming, Grassland and Agricultural Engineering. To transfer the agricultural technologies to the farmers University is having Krishi Vigyan Kendras (VKs), Sardar Smruti Kendra (SSK) etc. Brass Hose Fittings in Jamnagar|Brass Sanitary Parts in Jamnagar|Brass Lock Nuts in Jamnagar|Brass Tube Fitting in Jamnagar|Brass Agriculture Parts in Jamnagar|Brass Spacer in Jamnagar|Brass Gas Fitting Parts in Jamnagar|Brass Hardware Fittings in Jamnagar|Brass Angle Valve in Jamnagar|Round Head Bolts in Jamnagar|Brass General Components in Jamnagar|Brass Male Spacer in Jamnagar|Precision Brass Nut in Jamnagar|Transformer Bushings in Jamnagar|Brass Anchor Bolts in Jamnagar|Brass Hose Nipple in Jamnagar|Brass Gas Fittings in Jamnagar|Brass Coupling in Jamnagar|Brass Hex Nuts in Jamnagar|Brass Moulding Inserts in Jamnagar|
