Assisting residents in their regular activities and protecting them from dangerous situations. Use city building and production features to start from scratch and build your own village. Create your dream city with different structures and settlements. Bakeries, museums, theaters andOffice on farms, barns, mines, etc. E. There are many building alternatives in the urban area. Find out more about this incredible Playrix game with our reviews. Basically, the game is a city management simulation in which she takes on the role of the city's new mayor. It is your duty to promote your growth and happiness, its inhabitants. So, you must design your ideal city. Before you can start this, you will need farms to produce food and downstairs to gather materials. So you have to force them to be complex growers and stores. Convert them into various goods that can be replaced in the markets. Earn money and help your city grow. Black Quarter players can also start their own clubs. This means creating restaurants for people to enjoy gourmet cuisine, cinemas for watching entertainment films, a park where everyone can relax, and many other public facilities. Despite the incredible responsibility of being the mayor of an entire city, prepare yourself. Here are all the fun features that this game offers: build and manage your city players, android have access to the whole city on their mobile devices thanks to the black area. Feel free and ride with the locals whenever you want and do what you want with your favorite city. Start by building your small town from scratch. Build structures and institutions as you play. Choose from a variety of buildings to be created, and by the way, Township gives you access to a wide range of different structures that you can create. Choose between farms and mines and collect resources for your settlement. Create factories to turn these resources into usable products. So he starts turning them into consumer goods by opening restaurants, stores and shops. Have fun raising and breeding animals for farming adventure, you must first build your farm and grow inside. Take care of your plants to ensure their health and growth. Gather the crops to be used in the production of the plant, then a new harvest begins. If you want to collect multiple resources, you should manage and develop your farm. Cattle breeding is also permitted for extraordinary agricultural products such as wool, meat, and eggs. Create factories to convert harvested crops. Will need to collectTransport of all raw materials to factories for proper processing. You have prepared materials for marketing or other use after production. Interactive and unique citizens playing the game will also get access to live, attractive and interactive citizens. You will find that each of them is absolutely unique because of their properties, which makes the game even more fun. In addition, each of them can have the requirements you need to meet from time to time. You would be happy and you would get fantastic rewards. Create your own zoo and play with animals. You can always find peace in your amazing zoo, where you keep all cute animals and also produce and build. Add more and more animals to expand it and make it even more amazing. To take offspring to your zoo, you can keep different animals together. Enjoy taking care of these cute and adorable creatures. Explore the community mine and find amazing balls and artifacts. It would also be a pity not to take the time to collect amazing balls and relics that fill the mine in your city. As a result, you can start developing and expanding your mines and upgrading your tools to collect new materials. Trade with other countries on the islands if you lack resources, you can also work with other mayors on the Business Islands. Everyone will meet here to get involved in exciting commercial activities. Sell your goods and look for unusual items to buy. These are the ideal places to find the best purchases because there are so many different items. Use different items to decorate the city. We recommend that you decorate your zoo with color decorations to attract more visitors to the huge world of the Internet, where your city is not the only one. In fact, your city can be visited by other mayors to admire your efforts. So do not be afraid to decorate your city with spectacular buildings, such as the statue of freedom, Big Ben, the Eiffel Tower and more. Play online with friends and other players online playing with friends and players from around the world may be interesting for city residents. To connect with friends who also play this game, just joinPlay for your social media accounts like Facebook or Google+.
