Emergency information for American citizens or travel requirements of the United States Proxilext Last update: 13/06/2022 ** All air passengers, regardless of vaccination or state of citizenship, must show a negative Covid-19 test not performed more than 1 day before the trip to the United States. Click here for the latest requirements for air travel in the United States. (Canceled on June 10, 2022). Specific information from the country: Austria update Covid-19: The control and prevention centers of disease (CDC) have determined that Austria has a high level of Covid-19. Visit the CDC page for the latest information on the health of travel relating to your trip. The Embassy S. Vienna received numerous relationships of American visitors who were positive immediately before their return flight to the United States and subsequently had to contact them in Austria in general for 5-10 days but can be more longIf you were positive or you are experiencing Covid symptoms or considering traveling to Austria, please scroll to "results" and read our detailed page, traveling to Austria during Covid. Traveling to Austria: on May 14, Austria dropped most of the input restrictions. The test of vaccination, recovery or a test are not more necessary to enter Austria. Scroll down and review the summary of the entry/exit requirements. For the latest official Austrian input requirements e cofane, visit the information (official travel portal of the Austrian government) or Austria.org (Austrian embassy in Washington, Dc). FFP2/KN95 masks remain mandatory for public transport and health facilities in the city of vienna. this includes airplanes, airports, trains, trains, Stations, subway/metro, tram, bus, taxi, uber, pharmacies, hospitals and medical offices. For current Covidid restrictions in Vienna, click here. Have a Covid backup plan: all travelers should have a backup plan in case they have to extend their stay. Before travelling, make sure you have adequate medical and travel insurance and financial resources to cover a possible quarantine up to 14 days. Medicare and Medicaid programs do not provide coverage abroad. It takes at least one week to more prescription medications. Embassies and consulates generally do not provide medical assistance or financial assistance and may not help you leave quarantine or Austria soon. Entry requirements and rough restrictions change frequently, sometimes with little notice. It is your responsibility to stay up to date on the latest registration requirements for each country you want to visit. The U.S. embassy cannot give you permission to enter Austria, clarify or interpret the rules, or intervene in the decisions of immigration officers, health officials or airline staff. Test of Covid-19: on June 10, 2022, the CDC canceled the order requiring travellers to submit a negative Covidid test before boarding a flight to the United States. For your safety and safety of your passenger companions, we still recommend testing before and after any trip. Do not travel if you experience symptoms of Covid or recently tested. Austrian law requires people who are positive for quarantine for five days. Information on the stored tests (not updated): are PCR and/or antigen tests available for U.S. citizens in Austria? *Yes, in that case, test results are available reliably withinhours? Yes, ä € ä, - ä "Antigenschnell Ä~ rapid tests are available in 15 minutes. PCR test results take 12-24 hours. Covid-19 tests are available throughout Austria at airports, "Apotheken (drugs), public and private workshops, private, Test centers and pop-up kiosks. The Vienna city website maintains a list of recommended pharmacies that offer quick antigen tests for visitors. Other pharmacies that offer quick antigen tests include: International Apotake, Kärntner Ring 17 (in front of the Imperial Hotel). Plan Ahead ä € "Most of the test positions are Closed on Sundays and Holidays! The following Vienna test centers are open every day, including Sundays and holidays: Salzburg: the test centers of Salzburg International Airport and the main railway station of Salzburg Hauptbahnhof offer limited appointments for the PCR tests on Sunday Except holidays. Innsbruck: Click here for Innsbruck and Tyrol tests. Visitors can run into charges for Covid-19 tests at private workshops or pharmacies; The average costs are \$ 30 for quick antigen tests and \$ 50- \$ 100 for a PCR test. Austria residents with Ecards (Austrian National Health System) can obtain free Covid-19 tests. The test results are provided via text message or e-mail, or you can request a copy of the laboratory. Covid-19 vaccine information: has the Austrian government approved a Covid-19 vaccine to use? Yes. Are vaccines available in Austria for citizens of the United States to receive? All residents of Austria who own an Ecard (Austrian national health) are suitable for receiving free Covid-19 vaccines. United States citizens on the state of visitors can be required to pay. What vaccines are available in Austria? Pfizer, modern, Johnson & Johnson, Novavax and Astrazeneca (changing table). S. Citizen who is resident of Vienna can record for Covid-19 vaccinations at Impfservice.wien (German and English). Residents of other provinces should check with the local health department for information. More are available here. The United States government does not provide COVID-19 vaccinations to private US citizens abroad. Please follow the developments of the host country and guidelines for vaccination COVID-19, please see the visit for Vaccine Information for U.S. Citizens Abroad. Entry and Exit Requirements: Are U.S. citizens permitted to enter? Ä Yes On May 14, Austria removed all entry restrictions. Proof of vaccination, recovery or testing are no longer required. COVID restrictions can change frequently, sometimes with little advance notice. For the latest official Austria entry requirements and COVID restrictions, please visit Austria.info (Austrian government's official travel portal) or Austria.org (Austrian Embassy in Washington, DC). Is a negative COVID-19 test (PCR and/or serology) required for entry?NoÄ Ä Are health screening procedures in place at airports and other ports of entry?Ä Yes Is a COVID test required to transit only through Vienna airport? No Movement Restrictions: Are there restrictions on intercity or interstate travel?Ä No Quarantine Information: Are U.S. citizens required to quarantine?Ä Ä Not for entry.
