Class Tools is a modern classroom management solution for ChromeOS that includes real-time instructional tools and device management capabilities, helping teachers keep students focused and engaged by catering to diverse learning styles and supporting bilingual and multilingual students. With Class Tools, teachers can integrate with Google Workspace and Google Classroom, importing class rosters and assignments to streamline assignments and boost collaboration. In Teacher mode, Class Tools provides a range of features, including real-time translatable captions to aid language learners and students with hearing impairments, as well as remote screen viewing to check student progress. Teachers can also share resources to students' ChromeOS devices, keeping them on task by preventing distractions. Class Tools has two modes: Teacher mode for the teacher interface and Student mode for the student interface. Setting up Class Tools is straightforward, whether you're an admin or a teacher.
